

ARIZONA SENTINEL.

J. W. DORRINGTON, Proprietor.
YUMA, ARIZONA

OFFICIAL COUNTY PAPER

WEDNESDAY, APRIL 27, 1904.

Prosperity is still blooming. Last month this country sent to Europe 45,000 tons of iron and steel.

The World's Fair management is working 12,000 men day and night to get ready for the grand opening April 30th.

If Judge Parker really proposes to run, he ought to have some photographs taken with the customary scowl omitted.

Judge Parker is afraid that Mr. Bryan will add to the nominating convention a little Palmer-Buckner side show of his own.

The joint statehood bill has passed the house of representatives, but, in its present form, that is as far as it will ever get.

Olney has carried two-thirds of the delegation to the St. Louis convention from Massachusetts. Hearst was the favorite in the cities.

Senator Dick of Ohio says he has five boys, two of whom are girls. By this he means that all of his children are brought up alike to enjoy out of door sports.

The government will very generously pay \$40,000 to allow the printers in the public printing office thirty days leave of absence. This looks like an open shop.

The president has ordered a great naval display on the coast of Europe this summer. Our combined squadrons in the Mediterranean are expected to number sixteen war ships.

The question of plural wives and forty-six children, collateral to the Smoot investigation, attracts wide attention wherever husbands are besieging the divorce courts to get rid of one wife.

Senator Platt of New York, be of the sharp face and long limbs, has uttered an epigram. He says of Judge Parker: "His strength is his silence." It is at least golden, while Bryan's voice smacks of silver.

Out in Minnesota the courts have decided that absolutely smooth bits of metal, once coins, are no longer money, and street car conductors may refuse to take them. A dime is a dime only when it says it is.

A ship loaded with over 800 wild animals of all kinds, and some 1000 birds of extravagant plumage, has arrived in New York. The contents of this Noah's Ark will be sent to St. Louis to the exhibition.

Russia's announcement that correspondents using the wireless telegraph will be treated as spies if caught is being resented by Great Britain and the United States. The determination is not likely to be acted on.

A son-in-law of Bishop Potter, F. A. Clark, won the American cup for good riding at the races in Washington. One doesn't often see a bishop's son sitting astride a race horse going like the wind. "The son do move."

One of the accommodations for World's Fair visitors will be a national bank right on the grounds. No provision has been made, however, to supply funds for the Reubens to get home on who invest their "wads" in gold bricks.

Some one has asked that a receiver be appointed for Buffalo Bill's Wild West show. Troubles never come singly and Buffalo Bill has his share. The question with him is, whether it were better to be divorced or go into bankruptcy.

President Roosevelt's alarm over "race suicide" was evidently not well founded. A representative of one of the largest wickerware manufacturers in the country says that twenty-five per cent more baby buggies were made and sold last year than ever before.

OTHER WORLDS.

Our sole knowledge of the people on other worlds and how far the people there differ from our inhabitants, can only be guessed by comparison with animal nature on this small sphere of ours. More important than a knowledge of ourselves, "Know Thyself" was an old Greek thought. How to take care of one's own body is not so simple as some think; the human mechanism is a wonderful thing and requires watching.

One man who has done more to teach the American people how to care for their bodies than almost any other, is Dr. R. V. Pierce, of Buffalo, N. Y., the Author of the "Common Sense Medical Adviser." He says: "It is not the quantity of the food eaten which produces strength and health (for some people can keep strong on a very meagre diet), but it is how much food is absorbed and assimilated by the blood and carried to nourish every organ of the body. It is, therefore, vitally necessary for the body that the stomach be in a healthy state. If disease of the stomach, or what is called 'stomach trouble,' prevents proper nutrition then the heart, liver, lungs, and kidneys do not get proper food—they are not fed on rich red blood, and in consequence, begin to show signs of distress. Outwardly these signs may be palpable and cramping on the skin, pale face, sleepless nights, dired, languid feelings, or, by reason of the nerves not being fed on pure blood, they become shrunken, and we receive a warning in the pain we call neuralgia. Rheumatism, too, is a blood disease. After years of practice and study Dr. Pierce found an Alternative Extract, which he named 'Dr. Pierce's Golden Medical Discovery,' made from the extracts of several plants, invariably produced a tonic effect upon the system. It helped the process of absorption of the healthy elements in the food and increased the red corpuscles of the blood, as well as eliminated the poisons from the system.

Business is business. No time for headaches. Constipation causes them. Doctor Pierce's Pleasant Pellets cure them by curing the cause. Laxative and mild.

THE PANAMA CANAL.

Last Step Taken in Ratification of Transfer.

A meeting of the stockholders of the Panama Canal company, for the formal transfer of the canal to the United States, was held in the city of Paris on Saturday, April 23rd. The most important paragraph in the text of the conveyance reads as follows:

"Now, therefore, we, the new Panama Canal company, represented by Marius Bo and Albert Rischmann, in consideration of the payment of the sum of forty million dollars in gold coin of the United States to the said company on its order or demand contemporaneously with the delivery of this present conveyance to representatives of the United States first above mentioned and delivery to them of its property in Paris and certificates of said Panama railroad shares (the property of the company not being understood to include the treasury assets of the company, including deposits of money, outstanding credits and investments on bonds), and the delivery upon the Isthmus of Panama to an agent of the United States designated by them or by the attorney general of the United States of the remainder of its rights and properties do hereby acknowledge and confirm the said sale, and do grant, sell and assign, transfer and set over to the United States absolutely in full ownership the totality without exception of the company's property and rights on the Isthmus of Panama, and its maps and archives at Paris."

The report also gave the opinion of former Premier Waldeck Rousseau on the regularity of the transfer and the resolution for the liquidation of the company after all the property is turned over to the United States.

President Bo announced that the first resolution for ratification was carried, with only five dissenting votes.

The vote was not taken in detail, but the affirmative represented about 250 persons present, holding approximately 450,000 shares. The second resolution was similarly adopted without division, only two dissenting.

The meeting then adjourned, the entire session lasting only an hour and a quarter.

Because the city of Chicago has decided to purchase the street railways and operate them on its own account there are those who fear socialism is on the increase in this country. But there are two sides to every question. In Connecticut the city of Norwich has been fighting in all the state courts against being compelled to buy the city gas works and has lost its case. The supreme court of that state has decided that not only must it buy the works but also pay a good round price for the franchise which the city originally granted.

H H McPhaul, fees constable. 20 90

H H McPhaul, fees constable. 37 60

Henry Levy, Interpreter 2 50

J L Redondo " 2 50

Gus Olander, constable fees. 2 50

J W Williams, constable fees. 6 00

Geo Thurman, justice of the peace fees. 9 35

The following reports were received, examined and filed: G. M. Thurlow, coroner. George Thurman, justice of the peace, Somerton.

At noon board took recess until 2 p. m.

Board met at 2 p. m. All members present.

Board proceeded with examination of sheriff's license report.

On motion, seconded and carried, clerk is instructed to notify county treasurer to change assessment of Mrs. C. McIntyre on roll of 1903, from lot 2, block 16, as now appears, to lot 2, block 116, the same being to correct error in duplicate assessment roll.

At 4 p. m. board adjourned until 10 a. m. April 8, 1904.

S. B. Hinds, Chairman.

C. P. Cronin, Clerk.

Office of the Board of Supervisors, Yuma, Arizona, April 8, 1904.

Board met at 10 a. m. Pursuant to adjournment, all members present.

Minutes of previous meeting read and approved.

Board proceeded with the examination of sheriff's license report.

The following road vouchers were allowed and warrants ordered drawn for same:

W. H. Dickinson, work, road district No. 1, \$9.55.

Clerk instructed to notify county treasurer to transfer \$133.35 from the county bond interest fund to the county general fund, and to transfer \$1,770 from the general to the expense fund.

Clerk is instructed to draw warrants in lieu of outstanding vouchers, from number 319 to number 367, both inclusive, series of 1903.

At noon board took recess till 2 p. m., then to meet at county treasurer's office and count money in county treasury.

The board, with the district attorney and clerk, proceeded to make an examination of the treasurer's office for the purpose of verifying the reports submitted by the treasurer. After completing the examination of the said treasurer's office they filed their sworn statement, as follows:

That by the statement and books of E. F. Sanguinetti, treasurer of said county of Yuma, submitted to and filed in the office of the board of supervisors of said county of Yuma, there should be in the county treasury of said county of Yuma the sum of \$18,637.67. That we and each

Clerk Board Supervisors.

On motion Board adjourned until 10 a. m. April 9, 1904.

S. B. Hinds, Chairman.

C. P. Cronin, Clerk.

Senator Lodge went home to Massachusetts to be present at the republican state convention and prevent a reciprocity plank with Canada from appearing in the platform. This was strongly demanded until the senator asserted that American exports to Canada have increased from \$20,000,000 in 1867 to \$123,000,000 in 1903. Such a fact was too much for reciprocity and it died a natural death.

An extensive irrigation system has just been completed in the Modesto and Turlock district, California. The water supply comes from the high Sierras and a quarter of a million acres will be irrigated through the medium of twenty canals. The expenditure exceeded two and a half million dollars.

There is one surviving pensioner of the war of 1812—Hiram Cronk, 104 years old, and a native resident of New York. Members of his family say the old gent is getting new teeth and new hair, so there is no telling—he may live to draw his pension for a good many years yet.

HAVE YOU BEEN

through my stock lately? Have you noticed the class of merchandise that is being received daily in the different departments? Do you know that when you send away for things before looking for them at my store that you are

MAKING A MISTAKE?

If you have no idea of the size and quality of my dry goods stock you had better drop in and go through my Dress Goods, Notions, Clothing, Furnishing Goods, Shoe, Hat and Millinery departments, and you will be pleasantly surprised.
